

This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to Bank of New York Mellon. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to Bank of New York Mellon must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 15th of the month following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.

*The number of discrepancies declined to three for the quarter. An improvement over previous quarters. We had underwriting staff research unclear date field/status combinations but this did not help pin down which records might be causing this discrepancy in denied loans 2013Q4 vs 2013 cumulative. We will continue to work with underwriters to improve the data reported going forward.
